

About us

Our mission is to create a fashionable leading community with people who have a similar style to us, where only the latest and most stylish innovations are brought together in one place from high end brands such as Nike and Under Armour. Suitable for any daily activity whether you be lounging in the house, at the gym or doing some form of activity these items will always keep you comfy and hopefully make you feel at your best. Active gym wear can be paired with numerous of the items we stock, but without having to struggle to figure out which items look good together, let us do that for you.

For many years we have noticed it has been a struggle to find the best quality and fitting items at a good price. Here at Primo we are trying to help you with this, we will only sell stock that we believe people would want to wear on a daily basis and we also provide the items at great prices. After being established for over a few months we are now distributing stock up and down the UK every day, we have realised that finding the correct fits at a good price must be a problem for other people similar to us as well, we want to aid you in ensuring you have the outfit that you have always wanted.

In a recent chat with our suppliers we have decided to dedicate ourselves to receiving lots of stock weekly in order to keep clients of all ages satisfied with the best outfits. We will do our utmost best to make sure we can keep your daily wardrobe as fresh and as up to date as possible!

If for any reason there is an item on our page which is out of stock, we are more than happy for anyone to contact us via Instagram, Email or Facebook and we will respond as soon as we can to try and source the product and come to a solution.

Any questions please do not hesitate to drop us a message, we will do our best to help.
